

# BASIK

CATALOGUE 2025

Manufactured in Bohemia  
Designed and assembled in Spain

# Bohemia, art and design.

With a 40-year heritage and deep roots in the authentic Bohemian crystalmaking tradition of Old Bohemia, now the Czech Republic, our lineage extends to the 18th century. Our techniques of hand-drawing and hand-cutting crystal are centuries old.

Iris Cristal Bohemia interprets contemporary tastes and anticipates future trends with a universal language that, through the brilliance of light, articulates our values of expertise, innovation, and a passion for beauty.

Light is conceived as an energy that illuminates diverse interiors with creative dynamism, resulting in exquisitely crafted lighting fixtures that accentuate the crystal's quality, transparency, colours, and forms.

At Iris Cristal, skilled craftsmanship merges with refined design, tradition, and technology, becoming part of the time-honoured process—or indeed, the miracle—of crystalmaking, an alchemical fusion of natural elements.

Expert artisans transform fire, sand, pigments, and water into a malleable substance, enabling the creation of intricate and imaginative shapes.

Furthermore, our dedicated team of designers and our production facilities in the Czech Republic and Spain enable us to launch new chandelier collections biannually. These collections are globally recognised for their exceptional quality and distinctive design.

Our chandeliers adorn palaces, hotels, casinos, embassies, places of worship, and prestigious residences worldwide. We maintain an extensive repertoire of hundreds of designs spanning every period of crystal history, and we have been introducing contemporary and modern designs for over a decade.

Certain designs, such as Flame and Apolo, are particularly renowned among leading interior designers.

Customized models. Able to personalise any model to client's wishes. We are constantly developing and releasing new models.

# COLOURS

## Most chandeliers are available in the following colours

Couleurs à sélectionner pour la majorité des lustres · Colores a elegir en la mayoría de lamparas

### FROSTED

### TRANSPARENT

### OPAQUE

### METAL PART

Standard colours for metal parts are gold and chrome. For any other finishes check with our sales department for a quotation.

Due to size restrictions some chandeliers like Naxos have the metal ceiling painted in black or white.
